SUPERFORMANCE MKIII CHASSIS

MKIII STANDARD EQUIP

ROLLER IN INVENTORY - SPO 2875 (‘ROUSH’ - MONZA RED/ DRK SILVER STRIPES)

- Built under license from Carroll Shelby Licensing Inc.

The Superformance MKIII is not a kit. "What makes the MKIII so much better than its competitors? It looks like an exact replica should. It is aesthetically and dimensionally correct. It is sure-footed and reliable and is as exciting as the great sport roadsters of the sixties. Each component vehicle comes completely assembled and painted, less engine and transmission."
